

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

HB 3397 – SB 3636

April 16, 2012

SUMMARY OF AMENDMENT (015139): Deletes all language after the enacting clause. Urges the mayor of a city or county considering either building a facility or approving plans for a facility within one mile of an abutting city or county which facility may be a danger to the health, safety or welfare of its citizens, to notify the mayor of another such abutting city or county, in any manner deemed appropriate. Urges such notified city or county mayor to post the received information on the website of such city or county.

FISCAL IMPACT OF ORIGINAL BILL:

Other Fiscal Impact – The increase in local government expenditures will be dependent upon several factors: the number and types of facilities that will be classified as a danger; the type, frequency, and cost of notification provided to property owners; the number of occurrences; the county(s) that will be impacted; and the population density of the area within a one-mile radius of the proposed site. Due to several unknown factors, a precise fiscal impact cannot be determined; however, it is estimated that the increase to local government expenditures for newspaper and mail notification prior to final determination will exceed \$25,000.*

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

NOT SIGNIFICANT

Assumption applied to amendment:

- It is assumed that any city or county mayor whose residing county is proposing such a building or facility will notify another city or county mayor by telephone or email. This will not result in a significant fiscal impact.
